AIR FOUNDATION SCHOOL SYSTEM

Pakistan's First ISO 9001 - 2000 Certified School System

CURRICULUM, CO-CURRICULUM enrichments

Following the national curriculum, Air Foundation School System sets out the program of work to be covered by the children as they progress through the school. It covers the core subjects of english, science, mathematics and information & communication technology (ICT) along with the foundation subjects of sindhi, urdu, history, geography, art & design and physical education. We also offer religious education in accordance with the Ministry of Education's agreed syllabus. To make teaching more effective, we ensure professional teacher training programs with major emphasis on lesson planning and examination system.

HUMAN RESOURCES & training programs

The Head Office of Air Foundation School System shall support all the selection process of HR and necessary training of the staff along-with continual pursuit of professional development and improvement including resource packs, model lesson planner syllabus breakdown an online help.

EVENING ENRICHMENT

In addition to the normal curriculum many club activities are provided by staff and parents to widen the experiences of children. Every afternoon, monday to thursday, each year group in turn has the opportunity for enrichment activities. These opportunities include a wide range of learning activities that extend and enrich the usual curriculum.

SCHOOL BOOKS

stationary & uniforms

The Head Office of Air Foundation School System ensures all the necessary arrangements for local availability of uniforms, books, printed notebooks and report cards etc.

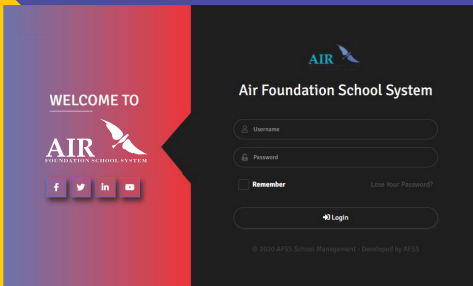

MAKING OF A SCHOOL

The head office of Air Foundation School System shall provide all the assistance for the selection of suitable site for the school. Also assists the network partner in setting the lay-out of the school premises including requisite alterations besides precise guidelines on school furniture, fixtures and equipments etc.

MARKETING

management of the school

The Head Office of Air Foundation School System shall undertake the responsibility of centralized marketing for admission at regional or local level through leading newspapers of the country and provide specified banners, posters and signboards of every size with the recommended sites for the display of the same within the city.
